

Illicit Discharge Detection & Elimination Workshop: Building an Effective Illicit Discharge Elimination Program (IDEP)

March 20, 2012
Greenbelt Cultural Center
North Chicago, IL

Icebreaker

The header features a solid blue background with the word "Icebreaker" in white. Below the text, there are several overlapping, wavy, light blue shapes that create a sense of movement and depth, resembling waves or ice formations.

SMC supports all Lake County MS4s regulated under IEPA's NPDES Program

Provides a forum for inter-jurisdictional coordination

- Municipal Advisory Council (MAC)

Provides technical assistance

- Annual Facility Inspection Report (AFIR) template
- Stormwater Management Program Plan (SMPP) template
- Educational Workshops

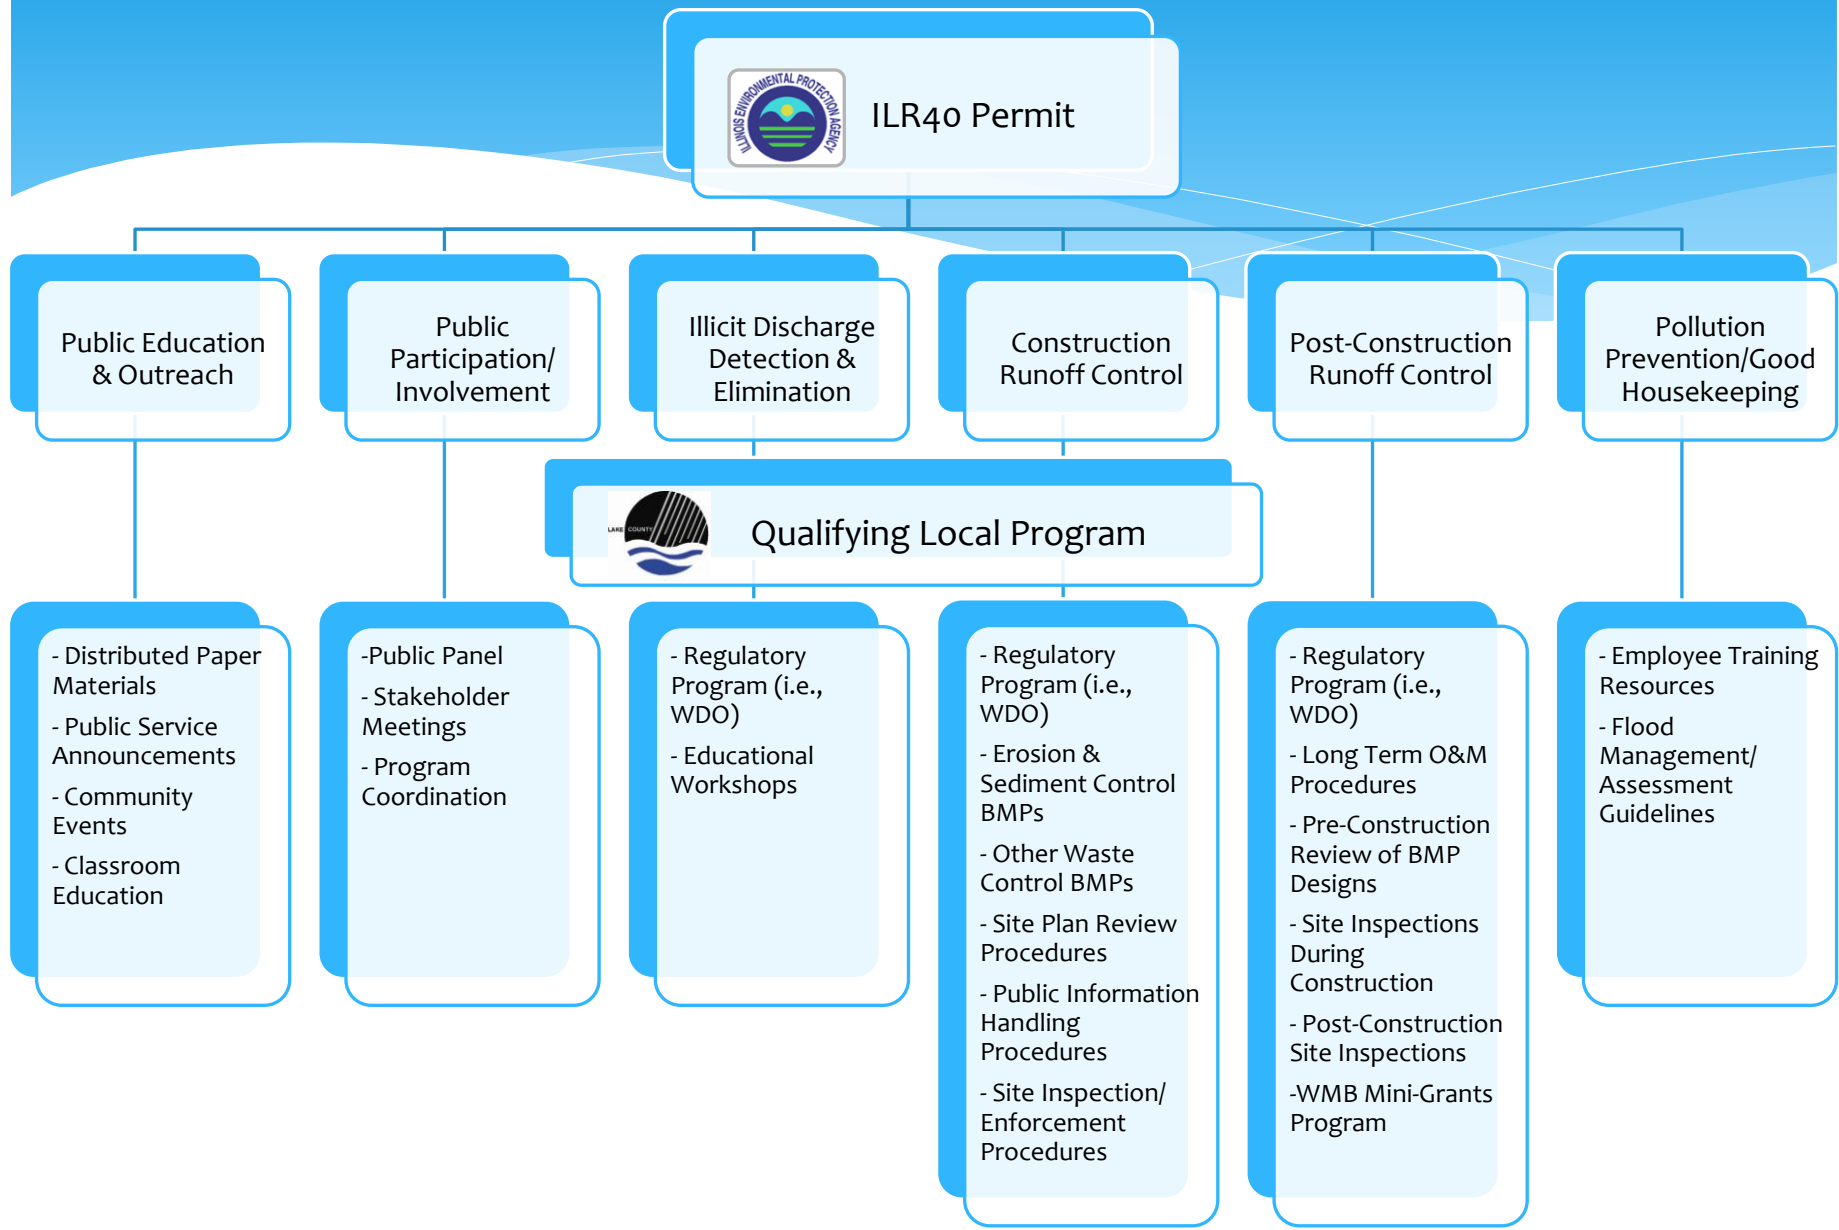

Serves as a Qualifying Local Program

- Communities should take advantage of and credit for this "program"

Lake County MS4s

SMC's Qualifying Local Program touches all six minimum control measures

For additional technical assistance, or to
suggest topics for future workshops, please
